GO GREEN!

Did you know that St. Mary's & Affiliates Credit Union provides products & services that can help you GO GREEN?

- Home Banking
- eStatements
- eBillPay

Going Green Tip: How many licks does it take to pay your bills? Too many. Why lick any envelopes at all when there's eBill Pay? You'll save hassle, trees, and energy. Plus, the cash you'll save on stamps will buy you a few well-deserved Tootsie Pops.

CONGRATULATIONS! THE FOLLOWING MEMBERS RECEIVED A \$50 CASH PRIZE FROM THE 8% LOAN SPECIAL DRAWING!!

Skimming

Skimming is the theft of credit card information used in an otherwise legitimate transaction. Common scenarios for skimming are restaurants or bars where the skimmer has possession of the victim's credit card out of their immediate view. The skimmer will typically use a small keypad to unobtrusively transcribe the 3 or 4 digit Card Security Code which is not present on the magnetic strip. Many instances of skimming have been reported where the perpetrator has put a device over the card slot of an ATM which reads the magnetic strip as the user unknowingly passes their card through it. These devices are often used in conjunction with a pinhole camera to read the user's PIN at the same time.

St. Mary's & Affiliates Credit Union encourages our members to be safe when using ATMs. It is very important that you look for anything irregular at an ATM machine. If going over your statement you find an error, please contact the credit union as soon as possible.
